1 The figures for Bangladesh have been adjusted for arsenic contamination levels based on the national surveys conducted and approved by the Government.  
 2 Countries with a negative growth rate, reflected in the columns titled '% of population that gained coverage (1990-2006) with respect to median population (Year 1998)'.  
 3 Figures have been estimated by JMP to ensure compatibility, thus they are not necessarily the official statistics of the concerned country, area or territory, which may use alternative rigorous methods.
